Jen and Karel,

I was asked by Jay to put something together to present to the OPP for a request for 100 officers to assist and include how, why, what etc... on how they will be used. Murph and I put a few things down here with a few options on what schedule they may work as well. Take a look and see what you think and if you have any preference. Our brains were a bit mushy tonight, but we came up with a few options and some of the ideas we thought we could use them for. The 100 officer request does not include POU. I like the 10 and 8 hour shifts so we don't have to worry about days off.

Thanks,

Jay
